

LUCD系列滤油车 LUCD PUSHCART FILTER SERIES

(一) 简介

LUCD系列滤油车是我司研制的新型可移动推车过滤单元。它具有TUC台式滤油装置的性能和特点。可弹性使用于不同油压系统注入新油过滤及其定期过滤介质中的污染物，对油液的各项技术指标均无影响，更好的帮助你处理好油液系统的污染，延长液压元件的使用寿命，保证系统的正常工作。

INTRODUCTION

LUCD pushcart filter series is a new pushcart filter developed by our company. It has the capability and feature of TUC filtration device. It can be used in different kinds of oil pressure systems and won't affect the index of the oil. It can help you deal with the pollution and prolong the service life and keep the system work properly.
